Stud Service

We offer two options for stud service for fresh, chilled semen (does not apply to frozen semen):

Full Service Fee

Stud Fee is \$1,500 USD and is payable before first shipment is shipped, or first breeding. This fee covers up to two collections and guarantees a litter of 2 (two) live puppies. If not litter results, a repeat breeding to any stud dog owned by Karamar Labradors will be given so long as it is taken within 2 (two) years. Repeat breedings are valid only on a female owned or co-owned by the original breeder. Repeat breedings cannot be sold or transferred.

Service Fee

Service fee is \$400.00 USD. The service fee is considered a deposit towards the full stud fee and is a non-refundable fee. The remaining balance of 1100.00 is due within 3 days upon the birth of 2 live puppies. There is a \$50 late fee if balance is not paid within 14 days after litter is born. If no puppies result from breeding, there is no repeat breeding.

The bitch owner is welcome to ship boxes of their own so long as the boxes arrive at least 24 hours before the semen is shipped. Boxes must be reproduction semen approved shipping boxes that maintain a controlled temperature.
